

# MOZAMBIQUE FOR THE KINGDOM

TANNEKEN FROS

DECEMBER 2019

## *THANKS BE TO GOD*

I greet you all in the wonderful name of Jesus and a heart filled with thanksgiving to God for His love, protection, and provision. And with this thanksgiving I thank all of you who so faithfully pray for us and support us financially at TCF Mercy, Mountain of Praise Church's Church-Family-Based-Orphan-Care ministry (ACPO) and our mission to care for orphans, preach the Gospel, plant churches, disciple believers and train leaders. We thank the Lord for His protection of the orphans and staff from the recent devastating cyclone. We thank all of you who helped to restore buildings at the orphanage and my roof and wall. On behalf of all at MOP Church and the ACPO staff, Pastor Rego expresses thanks to all partners who help our mission. Our prayer is that we all continue to be touched by the love of God and that you are blessed by God as you continue to partner with this mission. God is with us.

## *CHURCH MULTIPLICATION*

You have heard me say: "Mountain of Praise Church is expanding and multiplying so much that we cannot keep up." I thank the Holy Spirit that He is the One who helps us keep up! Please join us in praying to the Lord for His help and guidance. We praise the Lord that during and following the MOP 2019 International conference, where over 860 pastors and church leaders from the MOP churches in Mozambique, Malawi and Zimbabwe participated, many more individuals and churches continue to join MOP.

I am encouraged and excited about the fact that it is the national, regional, provincial and district pastors and youth leaders who are going out to visit the MOP churches, often very remote, to disciple and

train believers, and hopefully equip them with a Bible. Pastor Rego gave a report that just recently a remote church in Caia was visited. They had no Bible except one page from which they preached. Thankfully Pastor Tomo and Pastor Lukas from Caia were able to deliver 10 Bibles to that remote church.

What a gift and blessing you are, who help finance printed and audio Bibles. As you can imagine there is always a great need for more Bibles with such a fast-growing and expanding church. The church leader groups are meeting during November and December and a ten-day fasting and prayer in January to plan next year's outreaches and church plants. The pastors ask us to please pray with them for

*Some of our youngest orphans*

*Dio*

liberation from the terrorists so that they can freely preach the Gospel in those areas where the terrorists are again active.

*Caring for orphans, training disciples and planting churches in Mozambique.*

## CELEBRATING ACCOMPLISHMENTS

This year eight participants at ACPO are involved in vocational training. We congratulate four graduates:

**Jose Tomas – Certified Lab Technician and Leopordina, Jose’s wife - Registered Nurse**

Continuing their vocational studies are Lorenzo as Lab Technician and Janota, Rego and George in Port Management. All of them are expressing their thankfulness to the donors at TCF Mercy for the finances that enabled them to study thus far. May I express that the vocational fund is currently not enough to graduate all four of these students. We thank all for your love and generous financial gifts so that we can continue to care for and educate many orphans. Without your help we cannot do this.

**Joaquim – Accountant (shown with his wife)**

**Tamara – Registered Nurse**

***As Jose Tomas returned from his graduation at the university, there was a special moment of congratulating him. He writes: “Many of the youth and orphans gathered at the MOP church in Dondo. They formed a circle around me and the orphans prayed for my protection and my future. It was a wonderful and blessed day.”***

I thank all of you who pray with us in this mission as we pray for Mozambique to be won for the Kingdom of God. I pray that the Lord richly blesses you and that we all may experience this Christmas and New Year 2020 in a fuller way the love, peace, joy, and hope that the Lord Jesus brings as we trust Him “who sustains the whole world by the power of His Word” and as the precious song says: “He’s got the whole world in His hands.”
